# THE AMERICAN REVIEW OF TUBERCULOSIS

OFFICIAL JOURNAL OF
THE AMERICAN TRUDEAU SOCIETY
Medical Section of National Tuberculosis Association

EDITOR
WALSH MCDERMOTT
New York, N. Y.

CONSULTING EDITOR
ESMOND R. LONG
Philadelphia, Pa.

EDITOR OF ABSTRACTS
LAWRENCE B. HOBSON
New York, N. Y.

EDITORIAL BOARD

JOHN D. ADCOCK, Ann Arbor, Mich.
WILLIAM H. FELDMAN, Rochester, Minn.
H. CORWIN HINSHAW, San Francisco, Calif.
JOHN C. JONES, Los Angeles, Calif.
ALEXANDER D. LANGMUIR, Atlanta, Ga.
MAX B. LURIE, Philadelphia, Pa.
JOHN D. STEELE, Milwaukee, Wis.
WILLIAM B. TUCKER, Minneapolis, Minn.
ARTHUR J. VORWALD, Saranac Lake, N. Y.

VOLUME 65
JANUARY–JUNE, 1952

PUBLISHED MONTHLY
AT MT. ROYAL AND GUILFORD AVENUES, BALTIMORE 2, MD.
BY THE NATIONAL TUBERCULOSIS ASSOCIATION

## CONTENTS: ORIGINAL ARTICLES

NUMBER 1, JANUARY, 1952

**The Tuberculous Mother. A Five- to Twenty-Year Follow-up of 149 Women with 401 Full-Term Pregnancies.** JACK D. COHEN, ELIZABETH A. PATTON, AND THEODORE L. BADGER ..... 1

**Tuberculosis in Anthracosilicosis.** PETER A. THEODOS AND BURGESS GORDON ..... 24

**Experimental Tuberculosis. III. Further Observations on the Effects of Alteration of the Pulmonary Arterial Circulation on Tuberculosis in Monkeys.** BYRON J. OLSON, H. WILLIAM SCOTT, JR., C. ROLLINS HANLON, AND C. F. T. MATTERN ..... 48

***In Vivo* Observations on the Effect of Cortisone on Experimental Tuberculosis, Using the Rabbit Ear Chamber Technique.** ROBERT H. EBERT ..... 64

**Comparison of Growth and Autolysis of Two Strains of Tubercle Bacilli.** ALFRED MARSHAK AND WERNER B. SCHAFFER ..... 75

**The Monaldi Procedure. A Report of Thirty Cases.** WINFIELD O. KELLEY AND DAVID V. PECORA ..... 83

**Linear Basal Atelectasis Following Therapeutic Phrenic Nerve Interruption.** RICHARD P. JAHN AND JOHN K. OLINGER ..... 88

**Case Reports:**

**Recurrent Laryngeal Nerve Paralysis as a Complication of Pulmonary Tuberculosis. A Report of Two Cases.** DAVID B. RADNER AND GORDON L. SNIDER ..... 93

**American Trudeau Society:**

**Reports of the Clinical and Laboratory Subcommittees, May 13, 1951** ..... 100

**Statement on Criteria for "Negative" Sputum in Patients Following Antimicrobial Therapy** ..... 102

**Statement on Clinical Significance of *in Vitro* Determinations of Streptomycin Sensitivity and Resistance** ..... 103

**Methods for Determination of Sensitivity of Tubercle Bacilli to Streptomycin, Dihydrostreptomycin, and Para-Aminosalicylic Acid** ..... 105

**Notes** ..... 109

**Abstracts** ..... 1

NUMBER 2, FEBRUARY, 1952

**Tuberculosis Attack and Death Rates of Household Associates. The Influence of Age, Sex, Race, and Relationship.** RUTH R. PUFFER, L. D. ZEIDBERG, ANN DILLON, R. S. GASS, AND R. H. HUTCHESON ..... 111

**Disseminated Nodular Pulmonary Infiltrations of an Indeterminate Nature in Apparently Healthy Persons.** AARON D. CHAVES AND HANS ABELES ..... 128

**Diffuse Pulmonary Granulomatosis in Young Women Following Exposure to Beryllium Compounds in the Manufacture of Radio Tubes. Further Observations and Report of Nine Additional Cases.** PAUL SLAVIN ..... 142

**Simultaneous Pulmonary Resection and Thoracoplasty in the Treatment of Pulmonary Tuberculosis.** F. Henry Ellis, Jr., O. Theron Clagett, and David T. Carr ..... 159
**The Prognosis of Tuberculous Meningitis.** Robert Debré ..... 168
**Growth Pattern and Virulence of Tubercle Bacilli.** Diran Yegian and Joseph Kurung ..... 181
**Use of Oxidation-Reduction Dyes in the Determination of Virulence of *Mycobacteria in Vitro*.** F. Jean Wilson, Catherine Kalish, and Charles H. Fish ..... 187
**A Comparative Study of the Hemagglutination Test for Antibodies and Its Hemolytic Modification in Tuberculosis.** Mollie Mollov and Thaddeus J. Kott ..... 194
**Effects of Simultaneous Skin Tests on Size of Tuberculin Reactions.** Cretyl Crumb, Paul Meier, and Florence B. Seibert ..... 201
**Case Reports:**
**Transthoracic Removal of Calcified Lymph Node Causing Hemoptysis by Bronchial Erosion.** Herbert C. Maier ..... 206
**A Rare Complication of Tuberculous Mesenteric Lymphadenitis. A Case of Fatal Hemorrhage from Abdominal Aorta into Jejunum Through a Tuberculous Lymph Node.** Rachel S. Sandrock, George L. Emerson, and Marion S. Emerson ..... 210
**Correspondence: Tuberculomas of the Mediastinum.** Louis Schneider and Clifford F. Storey; **Hyaluronidase Effect on BCG Vaccination.** E. F. James and Sven Bergqvist ..... 215
**American Trudeau Society: Notes** ..... 219
**Abstracts** ..... 21

Number 3, March, 1952

**The Tuberculosis Movement. Its Accomplishments and Opportunities.** H. R. Edwards ..... 221
**Allergic Reactions to Para-Aminosalicylic Acid. Report of Seven Cases, Including One Case of Löffler's Syndrome.** Frederick C. Warring, Jr. and Kirby S. Howlett, Jr. ..... 235
**Effect of Purified Fractions of Tuberculin on Leukocytes from Normal and Tuberculous Animals in Tissue Cultures.** Angelina M. Fabrizio ..... 250
**A Study of Tuberculins by the Hemagglutination Procedure.** William L. Gaby, Joyce Black, and Amedeo Bondi, Jr. ..... 272
**Chromogenic Acid-fast Bacilli from Human Sources. I. Cultural Studies.** Maurice S. Tarshis and Arthur W. Frisch ..... 278
**Chromogenic Acid-fast Bacilli from Human Sources. II. Pathologic Studies.** Maurice S. Tarshis and Arthur W. Frisch ..... 289
**Chromogenic Acid-fast Bacilli from Human Sources. III. Hypersensitivity Studies.** Maurice S. Tarshis and Arthur W. Frisch ..... 302
**Studies on the *in Vitro* Effects of Radioactive $I^{131}$ Labeled 3,5 Diiodo PAS on the Tubercle Bacillus.** Irving Kass ..... 316

**Case Reports:**
**Failure of Neomycin as an Adjuvant to Streptomycin in Tuberculous Meningitis.** THOMAS L. PERRY ..... 325
**Tuberculosis of the Myocardium. Report of a Case Exhibiting Changing Types of Heart Block.** ISADORE ROSE ..... 332
**Agranulocytosis Due to Amithiozone Therapy.** DELBERT V. PREHEIM AND MORDANT E. PECK ..... 339
**Notes: The Preservation of BCG by Freeze Drying.** SOL ROY ROSENTHAL. 344
**Books** ..... 347
**American Trudeau Society: Reports of the Committee on Therapy and of the Laboratory Subcommittee of the Committee on Medical Research** .. 351
**Abstracts** ..... 49

NUMBER 4, APRIL, 1952

**Chemotherapy of Experimental Tuberculosis. V. Isonicotinic Acid Hydrazide (Nydrazid) and Related Compounds.** JACK BERNSTEIN, WILLIAM A. LOTT, BERNARD A. STEINBERG, AND HARRY L. YALE ..... 357
**Antituberculous Properties of Hydrazines of Isonicotinic Acid (Rimifon, Marsilid).** WILLIAM STEENKEN, JR., AND EMANUEL WOLINSKY ..... 365
**Pharmacologic and Toxicologic Observations on Hydrazine Derivatives of Isonicotinic Acid (Rimifon, Marsilid).** W. M. BENSON, P. L. STEFKO, AND M. D. ROE ..... 376
**Pharmacology of Isonicotinic Acid Hydrazide (Nydrazid).** BERNARD RUBIN, G. LEE HASSERT, JR., BERNARD G. H. THOMAS, AND JOHN C. BURKE .. 392
**Hydrazine Derivatives of Isonicotinic Acid (Rimifon, Marsilid) in the Treatment of Active Progressive Caseous-Pneumonic Tuberculosis. A Preliminary Report.** EDWARD H. ROBITZEK AND IRVING J. SELIKOFF ..... 402
**The Absorption, Distribution, Excretion, and Short-Term Toxicity of Isonicotinic Acid Hydrazide (Nydrazid) in Man.** DUMONT F. ELMENDORF, JR., WILLIAM D. CAWTHON, CARL MUSCHENHEIM, AND WALSH MCDERMOTT ..... 429
**Observations on the Electrocardiogram in Surgically Treated Pulmonary Tuberculosis.** VICTOR O. HERTZMAN AND ARNE K. MATHISEN ..... 443
**Prevalence of Previously Unknown Tuberculosis in Persons Not Participating in Mass Chest Roentgenographic Surveys.** WM. T. PALCHANIS .... 451
**Traction Diverticula of the Esophagus in Middle Lobe Syndrome.** HARRY L. KATZ ..... 455
**Spirometric Studies in Pneumoperitoneum.** GEORGE C. LEINER AND SOL ABRAMOWITZ ..... 465
**Correlation of Biologic Properties of Strains of *Mycobacterium* with Their Infrared Spectrums. II. The Differentiation of Two Strains, H37Rv and H37Ra, of *M. Tuberculosis* by Means of Their Infrared Spectrums.** HARRISON M. RANDALL, DONALD W. SMITH, AND W. J. NUNGESTER .... 477
**Editorial: Understanding of Personality Patterns as a Guide for the Rehabilitation of the Tuberculous.** CURTIS T. PROUT ..... 481

**Notes:**

**The Estimation of Isonicotinic Acid Hydrazide (Nydrazid) in Biologic Fluids.** JACQUES M. KELLY AND RAYMOND B. POET ..... 484

**New Catheterizing Bronchoscope.** J. S. CHASE ..... 486

**Books** ..... 490

**American Trudeau Society:**

**History of Diagnostic Standards and Classification of Tuberculosis of the National Tuberculosis Association** ..... 494

**Notes** ..... 504

**Abstracts** ..... 73

NUMBER 5, MAY, 1952

**The Use of Basal Respiratory Minute Volume as an Index of Impaired Pulmonary Function.** ROBERT S. ALEXANDER ..... 505

**The Effect of Pyrazinamide (Aldinamide) on Experimental Tuberculosis in Mice.** LUKE MALONE, ALLAN SCHURR, HOWARD LINDH, DORIS MCKENZIE, J. S. KISER, AND J. H. WILLIAMS ..... 511

**Pyrazinamide (Aldinamide) in Experimental Tuberculosis of the Guinea Pig.** FREDERICK I. DESSAU, ROBERT L. YEAGER, FREDERICK J. BURGER, AND JAMES H. WILLIAMS ..... 519

**Pyrazinamide (Aldinamide) in the Treatment of Pulmonary Tuberculosis.** R. L. YEAGER, W. G. C. MUNROE, AND FREDERICK I. DESSAU ..... 523

**Streptomycin in Minimal Tuberculosis.** ETHEL FLOREY ..... 547

**Detection of Small Numbers of Tubercle Bacilli from Dispersed Cultures, Using Mice, Guinea Pigs, and Artificial Media.** DAVID F. GRAY AND MARJORIE W. MATTINSON ..... 572

**The Effect of Pneumoperitoneum Therapy in Pulmonary Tuberculosis on Liver Function.** HARRY L. KATZ, SIDNEY SBAR, AND MARTIN G. GOLDNER ..... 589

**The Influence of Cortisone and Streptomycin on Experimental Tuberculosis in the Albino Rat.** MARTIN M. CUMMINGS, PAUL C. HUDGINS, MERRILL C. WHORTON, AND WALTER H. SHELDON ..... 596

**Comparison of Experimental Tuberculosis in Cortisone-Treated and Alloxan-Diabetic Albino Rats.** PAT ROCHE, JR., MARTIN M. CUMMINGS, AND PAUL C. HUDGINS ..... 603

**Dihydrostreptomycin Sulfate in Pulmonary Tuberculosis. Report on Neurotoxicity.** STANTON TICE ALLISON ..... 612

**An Evaluation of Four Methods of Collecting and Mailing Gastric Washings for Tubercle Bacilli.** H. MAC VANDIVIERE, C. E. SMITH, AND E. J. SUNKES ..... 617

**Case Reports: Tularemic Lung Abscess. A Case Report.** EDWARD S. RAY AND SARAH WARREN ..... 627

**Notes:**

**Synthetic Organic Bases Tested for Inhibition of Tubercle Bacilli.** SAMUEL ABRAMSON AND BERNARD D. DAVIS ..... 631

**A Method for the Determination of *in Vitro* Sensitivity of Tubercle Bacilli to Pyrazinamide (Aldinamide).** F. I. DESSAU, F. BURGER, R. L. YEAGER, AND M. KULISH ..... 635
**Discussion on Treatment of Tuberculous Meningitis and Survival of Bacilli in Tuberculous Lesions.** RENÉ J. DUBOS ..... 637
**Correspondence: BCG Standardization.** SOL ROY ROSENTHAL ..... 641
**Books** ..... 642
**American Trudeau Society:**
**The Problem of the So-Called "Good Chronic" Case of Pulmonary Tuberculosis. A Statement by the Committee on Therapy** ..... 643
**Production and Distribution of BCG Vaccine in the U. S. A.** ..... 647
**Current Status of Isonicotinic Acid Hydrazide in the Treatment of Tuberculosis** ..... 649
**Notes** ..... 652
**Abstracts** ..... 97

NUMBER 6, JUNE, 1952

**Cellular Reactions to Phthienoic Acid and Related Branched-Chain Acids.** HAIDAR HUSSEINI AND SANFORD ELBERG ..... 655
**Recrudescence in Early Phthisis. A Study of Post-Mortem and Lobectomy Specimens.** WALTER PAGEL ..... 673
**Observations on the Effect of Amithiozone (Tibione) in Selected Tuberculous Pulmonary Lesions.** WILLIAM G. CHILDRESS, JANE W. NORMAN, ROY H. OTT, JR., AND DAVID M. SPAIN ..... 692
**Fluorescence Microscopy in Examination of Smears for *Mycobacterium Tuberculosis*.** MICHAEL M. WILSON ..... 709
**Antituberculous Activity in Mice of Triton A-20, A Nonionic Alkyl-Aryl Polyether Alcohol, Used Alone and in Combination with Dihydrostreptomycin.** MORRIS SOLOTOROVSKY AND FRANCIS J. GREGORY ..... 718
**Enzymatic Reactions of *Mycobacterium Tuberculosis* and the Action of Streptomycin.** H. J. CORPER AND VETILE D. JAMES ..... 722
**Tuberculosis and Sickle-Cell Anemia.** WILLIAM WEISS AND S. O. WAIFE ..... 735
**Case Reports: Spontaneous Hemopneumothorax. A Review with a Report of Two Cases.** DONALD A. FUSIA, JR., AND W. LEIGH COOK, JR. ..... 744
**Notes:**
***Mycobacteria* Resistant to Hydrazines of Isonicotinic Acid.** WILLIAM STEENKEN, JR. *et al.;* MARGARET BUCK AND ROBERT J. SCHNITZER; FELIX PANSY *et al.;* GARDNER MIDDLEBROOK; WACLAW SZYBALSKI AND VERNON BRYSON; GLADYS HOBBY AND TULITA F. LENERT ..... 754
**Action of Streptomycin and Isonicotinic Acid Hydrazide on *M. Tuberculosis* within Phagocytes.** EMANUEL SUTER ..... 775
**Synergistic Activity of Streptomycin and Isonicotinic Acid Hydrazide *in Vitro*.** JAN ILAVSKY ..... 777
**Urease Activity in *Mycobacteriaceae*.** JACQUES SINGER AND ERNA CYSNER ..... 779

**The Failure of Chick Embryo Extract to Accelerate the Growth of Tubercle Bacilli.** SAMUEL ABRAMSON ..... 783
**American Trudeau Society: Report of the Eighth Pembine Therapy Conference, Michigan, Wisconsin, and Minnesota** ..... 786
**Index of Authors** ..... 793
**Index of Subjects** ..... 799
**Index of Abstracts** ..... 119

# INDEX OF AUTHORS

ABELES, HANS, AND AARON D. CHAVES. Disseminated nodular pulmonary infiltrations of an indeterminate nature in apparently healthy persons, 128

ABRAMOWITZ, SOL, AND GEORGE C. LEINER. Spirometric studies in pneumoperitoneum, 465

ABRAMSON, SAMUEL. The failure of chick embryo extract to accelerate the growth of tubercle bacilli (notes), 783

—— AND BERNARD D. DAVIS. Synthetic organic bases tested for inhibition of tubercle bacilli (notes), 631

ALEXANDER, ROBERT S. The use of basal respiratory minute volume as an index of impaired pulmonary function, 505

ALLISON, STANTON TICE. Dihydrostreptomycin sulfate in pulmonary tuberculosis, 612

AMERICAN TRUDEAU SOCIETY

Current status of isonicotinic acid hydrazide in the treatment of tuberculosis, 649

History of Diagnostic Standards and Classification of Tuberculosis of the National Tuberculosis Association, 494

Methods for determination of sensitivity of tubercle bacilli to streptomycin, dihydrostreptomycin, and para-aminosalicylic acid, 105

Notes, 109, 219, 504, 652

Problem of so-called "good chronic" case of pulmonary tuberculosis. Statement by the Committee on Therapy, 643

Production and distribution of BCG vaccine in the U.S.A., 647

Report of the Eighth Pembine Therapy Conference, Michigan, Wisconsin, and Minnesota, 764

Reports of the Clinical and Laboratory Subcommittees, 100

Reports of Committee on Therapy and of Laboratory Subcommittee of Committee on Medical Research, 351

Statement on clinical significance of *in vitro* determinations of streptomycin sensitivity and resistance, 103

Statement on criteria for "negative" sputum in patients following antimicrobial therapy, 102

# INDEX OF SUBJECTS

Abscess, lung, in tularemia (case report), 627
Acid
  isonicotinic, hydrazide
    in biologic fluids (notes), 484
    resistance of *Mycobacteria* to (notes), 754
    and streptomycin
      action on *M. tuberculosis* within phagocytes (notes), 775
      synergism of, *in vitro*, (notes), 777
    in tuberculosis, experimental, 357, 365, 376, 392
    in tuberculosis, human, 402, 429
      absorption, 429
      distribution, 429
      excretion, 429
      toxicity, short-term, 429
    isopropyl derivative of
      resistance of *Mycobacteria* to (notes), 754, 759, 768,
      in tuberculosis, experimental, 365, 376
      in tuberculosis, human, 402
  para-aminosalicylic. *See* Para-Aminosalicylic Acid
  phthienoic, and related acids, cellular reactions to, 655
Agranulocytosis due to amithiozone (case report), 339
Aldinamide. *See* Pyrazinamide
Allergy to para-aminosalicylic acid, 235
Alloxan-induced diabetes in albino rats, compared with cortisone-treated tuberculosis, 603
American Trudeau Society
  Current status of isonicotinic acid hydrazide in the treatment of tuberculosis, 649
  History of Diagnostic Standards and Classification of Tuberculosis of the National Tuberculosis Association, 494
  Methods for determination of sensitivity of tubercle bacilli to streptomycin, dihydrostreptomycin, and para-aminosalicylic acid, 105
  Notes, 109, 219, 504, 652
  Problem of so-called "good chronic" case of pulmonary tuberculosis. A statement by the Committee on Therapy, 643
  Production and distribution of BCG vaccine in the U.S.A., 647
  Report of the Eighth Pembine Therapy Conference, Michigan, Wisconsin, and Minnesota, 786
  Reports of the Clinical and Laboratory Subcommittees, 100
  Reports of Committee on Therapy and of Laboratory Subcommittee of the Committee on Medical Research, 351
  Statement on clinical significance of *in vitro* determinations of streptomycin sensitivity and resistance, 103
  Statement on criteria for "negative" sputum in patients following antimicrobial therapy, 102
Amithiozone
  causing agranulocytosis (case report), 339
  in selected tuberculous pulmonary lesions, 692
Anemia, sickle-cell, and tuberculosis, 735
Antibodies
  *See also* Hemagglutination
  hemagglutination test for, 194
    and its hemolytic modification in tuberculosis, 194
Anthracosilicosis, tuberculosis in, 24
Aorta, abdominal, hemorrhage into jejunum through tuberculous lymph nodes (case report), 210
Atelectasis, linear, basal, after phrenic nerve interruption, 88

Bacillus
  acid-fast
    chromogenic, from human sources
      culture, 278
      pathology, 289
      hypersensitivity, 302
  tubercle. *See* Tubercle bacillus
BCG
  preservation by freeze-drying (notes), 344
  standardization (correspondence), 641
Beryllium exposure, followed by granulomatosis, 142
BOOKS
  Atlante Anatomo-Radiologico della Tuberculosi Pulmonare e Malattie Non Tubercolari dell'Apparato Respiratorio. By Attilio Amondec-Sorini, Luigi Pigorini, and Gilberto Scorpati, 642

Atlas of Operative Thoracoscopy. By STANKO DUJMUŠIĆ, 642
The Healing Touch. HARLEY WILLIAMS, 493
Nursing in Prevention and Control of Tuberculosis. H. W. HETHERINGTON AND FANNIE W. ESHLEMAN, 492
Public Health Nurse and Her Patient. RUTH GILBERT, 490
Report of the Committee on Rehabilitation Needs of Patients in Public Tuberculosis Hospitals in Upstate New York, 347
TEXTBOOK OF MEDICINE. Edited by RUSSELL L. CECIL AND ROBERT F. LOEB, 348
Bronchus, erosion of, caused by calcified lymph node causing hemoptysis (case report), 206

Caseous-pneumonic tuberculosis. *See* Tuberculosis
Cat in experimental tuberculosis treated with isonicotinic acid hydrazide, 376
Chick embryo extract, failure to accelerate growth of tubercle bacilli (notes), 783
Circulation, pulmonary, arterial, effects of alteration of, on tuberculosis in monkeys, 48
CORRESPONDENCE
BCG standardization, 641
Hyaluronidase effect on BCG vaccination, 217
Tuberculomas of the mediastinum, 215
Cortisone
in experimental tuberculosis, 64
compared with alloxan-induced diabetes, 603
and streptomycin in experimental tuberculosis in albino rats, 596

Diabetics, tuberculosis among, Supplement (January), 1
Diagnostic Standards and Classification of Tuberculosis of the National Tuberculosis Association, history of, 494
Dihydrostreptomycin
sulfate in pulmonary tuberculosis, neurotoxicity of, 612
and Triton A-20 in experimental tuberculosis in mice, 718
Diverticula, traction, of esophagus in middle lobe syndrome, 455
Dog in experimental tuberculosis treated with isonicotinic acid hydrazide, 376, 392
Dyes, oxidation-reduction, in determination of virulence of *Mycobacteria in vitro*, 187

EDITORIAL
Understanding of personality patterns as a guide for rehabilitation of tuberculous, 481
Electrocardiogram in tuberculosis, pulmonary, surgically treated, 443
Enzymes of tubercle bacillus, reactions of, and the action of streptomycin, 722
Esophagus, traction diverticula of, in middle lobe syndrome, 455
Experimental tuberculosis. *See* Tuberculosis

Fluorescence microscopy of *M. tuberculosis*, 709
Function, pulmonary, impaired, basal respiratory minute volume as index of, 505

Gastric washings for tubercle bacilli, evaluation of four methods for collecting and mailing, 617
Granulomatosis, diffuse, pulmonary, following exposure to beryllium, 142
Guinea pigs
in detection of small numbers of tubercle bacilli from dispersed cultures, 572
in experimental tuberculosis
treated with isonicotinic acid hydrazide, 365, 376
treated with pyrazinamide, 519

Heart block change in tuberculosis of myocardium (case report), 332
Hemagglutination
procedure in study of tuberculins, 272
test for antibodies, 194
and its hemolytic modification in tuberculosis, 194
Hemopneumothorax, spontaneous (case reports), 744
Household associates, tuberculosis attack and death rates of, 111

$I^{131}$, radioactive, labeled 3,5 diiodo PAS, effect on tubercle bacillus, 316
Infiltration, pulmonary, disseminated,

nodular, indeterminate, in apparently healthy persons, 128
Infrared spectrums of fractions of *M. tuberculosis*, 477
Inhibition of tubercle bacilli, tested in synthetic organic bases (notes), 631
Isonicotinic acid hydrazide. *See* Acid

Jejunum, hemorrhage into, from abdominal aorta through tuberculous lymph nodes (case report), 210

Laryngeal nerve. *See* Nerve
Lesion
  tuberculous
    amithiozone in, 692
    survival of bacilli in (notes), 637
Leukocytes in tissue cultures of normal and tuberculous animals affected by tuberculin fractions, 250
Liver, effect of pneumoperitoneum on, 589
Lobe, middle, traction diverticula of esophagus in, 455
Löffler's syndrome in connection with PAS allergy, 235
Lymph node. *See* Node
Lung abscess in tularemia (case report), 627
Lymphadenitis, mesenteric, complication of (case report), 210

Marsilid. *See* Acid, isonicotinic, hydrazide
Medium, artificial, used for detection of small numbers of tubercle bacilli from dispersed cultures, 572
Meningitis
  tuberculous
    discussion of (notes), 637
    neomycin failure as adjuvant to streptomycin (case report), 325
    prognosis of, 168
Mice
  in detection of small numbers of tubercle bacilli from dispersed cultures, 572
  in experimental tuberculosis
    treated with isonicotinic acid hydrazide, 357, 376, 392
    treated with pyrazinamide, 511
  Triton A-20 in, antituberculous activity of, 718
Microscopy, fluorescence, of *M. tuberculosis*, 709
Minimal tuberculosis. *See* Tuberculosis
Monaldi procedure, 83
Monkeys, effect of alteration of pulmonary arterial circulation on tuberculosis in, 48
Morbidity rates in tuberculosis, in household associates, 111
Mortality rates in tuberculosis, in household associates, 111
*Mycobacteria*
  oxidation-reduction dyes in determining virulence of, *in vitro*, 187
  resistance to hydrazines of isonicotinic acid (notes) 754
*Mycobacteriaceae*, urease activity in (notes), 779
*Mycobacterium tuberculosis*
  *See also* Tubercle bacillus
  correlation of biologic properties with infrared spectrums, 477
  enzymatic reactions of, and the action of streptomycin, 722
  fluorescence microscopy of, 709
  isonicotinic acid hydrazide and streptomycin action on, within phagocytes (notes), 775
Myocardium, tuberculosis of, heart block change in (case report), 332

Neomycin failure as adjuvant to streptomycin in tuberculous meningitis (case report), 325
Nerve, laryngeal, recurrent paralysis of, as complication of pulmonary tuberculosis, 93
Neurotoxicity of dihydrostreptomycin sulfate, 612
Node
  lymph, causing hemoptysis, removal of (case report), 206
    tuberculous, hemorrhage from abdominal aorta into jejunum through (case report), 210
Nydrazid. *See* Acid, isonicotinic, hydrazide

Para-aminosalicylic acid, allergic reactions to, 235
Paralysis of laryngeal nerve, recurrent, as complication of pulmonary tuberculosis, 93
PAS. *See* Para-aminosalicylic acid
Phrenic nerve interruption, preceding linear basal atelectasis, 88

Urease activity in *Mycobacteriaceae* (notes), 779

# THE AMERICAN REVIEW OF TUBERCULOSIS

OFFICIAL JOURNAL OF
THE AMERICAN TRUDEAU SOCIETY
Medical Section of National Tuberculosis Association

EDITOR
WALSH MCDERMOTT
New York, N. Y.

CONSULTING EDITOR
ESMOND R. LONG
Philadelphia, Pa.

EDITOR OF ABSTRACTS
LAWRENCE B. HOBSON
New York, N. Y.

EDITORIAL BOARD

JOHN D. ADCOCK, Ann Arbor, Mich.
WILLIAM H. FELDMAN, Rochester, Minn.
BYRON F. FRANCIS, Seattle, Wash.
MAX B. LURIE, Philadelphia, Pa.
DONALD L. PAULSON, Dallas, Tex.
PHILIP E. SARTWELL, Baltimore, Md.
JOHN D. STEELE, Milwaukee, Wis.
WILLIAM B. TUCKER, Minneapolis, Minn.
ARTHUR J. VORWALD, Saranac Lake, N. Y.

VOLUME 66
JULY–DECEMBER, 1952

PUBLISHED MONTHLY
AT MT. ROYAL AND GUILFORD AVENUES, BALTIMORE 2, MD.
BY THE NATIONAL TUBERCULOSIS ASSOCIATION

## CONTENTS: ORIGINAL ARTICLES

NUMBER 1, JULY, 1952

**Incidence of Pulmonary Tuberculosis in a Group Continuously Observed and Periodically Re-examined.** FERNANDO D. GOMEZ AND ARISTEO A. PIAGGIO ..... 1

**Incidence of Pulmonary Tuberculosis Among Employees of Tuberculosis Hospitals.** EDWARD X. MIKOL, RALPH HORTON, N. STANLEY LINCOLN, AND ARTHUR M. STOKES ..... 16

**Lipids of Living and Killed Tubercle Bacilli.** F. J. PHILPOT AND A. Q. WELLS ..... 28

**A Bacteriologic Study of Resected Tuberculous Lesions.** EDGAR M. MEDLAR, SIDNEY BERNSTEIN, AND DOROTHY M. STEWARD ..... 36

**A Study of the Tubercle Bacillus in Resected Pulmonary Lesions.** FREDERICK BECK AND DIRAN YEGIAN ..... 44

**The Effect of Artificial Pneumoperitoneum on the Ballistocardiograph of Patients with Chronic Pulmonary Disease.** ANTHONY CACCESE ..... 52

**Hemagglutination Reaction Following BCG Vaccination in Human Subjects.** RAPHAEL R. HALEY, WINTHROP N. DAVEY, JOHN ADCOCK, AND CORA R. OWEN ..... 58

**The Occurrence of Tubercle Bacilli Resistant to Streptomycin in Children with Tuberculosis.** VIRGINIA N. WILKING, ROSA LEE NEMIR, EDITH M. LINCOLN, AND JOSEPHINE D. MARTIN ..... 63

**Case Reports:**

**Icterus in Acute Miliary Tuberculosis. Report of a Case Simulating Leptospiral Jaundice.** EVAN K. PERKINS AND STUART LINDSAY ..... 77

**Pneumoperitoneum in the Treatment of Pulmonary Tuberculosis Complicated by Pregnancy.** MAX PREMINGER ..... 86

**Right-sided Spontaneous Pneumothorax and Peritoneal Effusion Complicating Therapeutic Pneumoperitoneum.** FRANCO NOZZOLI, LAZAR EPSTEIN, AND LADISLAO MOLNAR ..... 90

**Notes:**

**A Rapid Chemical Test of Total Viability for Suspensions of Tubercle Bacilli.** H. MAC VANDIVIERE, W. H. GENTRY, AND H. STUART WILLIS. 95

**A Test Tube Modification of the Oxidation-Reduction Dye Test for the Determination of Virulence of *Mycobacteria in Vitro*.** CAROLYN K. WRINKLE AND ROBERT A. PATNODE ..... 99

**The Effects of Barbiturates on the Toxicity of Isoniazid (Isonicotinic Acid Hydrazide).** S. Y. P'AN, L. MARKAROGLU, AND J. REILLY ..... 100

**American Trudeau Society:**

**Report on Projects for the Recovering Tuberculosis Patient in Some European Countries.** HOLLAND HUDSON ..... 104

Tuberculosis Mortality Among Residents of Large Cities (1947–1949). MARY DEMPSEY ..... 109
Notes ..... 117
Obituaries ..... 118
Abstracts ..... 1

NUMBER 2, AUGUST, 1952

The Action of Isoniazid (Isonicotinic Acid Hydrazide) on Intracellular Tubercle Bacilli. G. B. MACKANESS AND N. SMITH ..... 125
Guided Symphysis. Functional Prophylaxis in Exudative Pleurisy and Pneumothorax Fluid. G. BIRATH ..... 134
Anatomic Relationships Between Bronchogenic Carcinoma and Calcified Nodules in the Lung. C. EUGENE WOODRUFF, N. C. SEN-GUPTA, STUART WALLACE, PAUL T. CHAPMAN, AND PERRY C. MARTINEAU ..... 151
Clinical and Histopathologic Study of the Effect of Cortisone and Corticotropin on Tuberculosis. LINDEN WALLNER, J. ROBERT THOMPSON, AND M. R. LICHTENSTEIN ..... 161
Use of Rabbit Eye as a Tissue to Study Tuberculosis. III. Effect of Adrenal Hormones upon Course of Disease and upon Certain Immunologic Responses. PAUL BUNN AND BERYL DROBECK ..... 175
Triangular Hilar Shadows. SAMUEL C. STEIN ..... 188
Streptomycin in Guinea Pigs with Discrete Chronic Tuberculous Lesions. WILLIAM STEENKEN, JR., EMANUEL WOLINSKY, PHILIP C. PRATT, AND MARJORIE M. SMITH ..... 194
Irregular Discharge. E. G. BEACHAM ..... 213

The Reversal of the Activity of Antituberculous Compounds in Vitro. R. DONOVICK, A. BAYAN, AND D. HAMRE ..... 219
The Effect of Probenecid (Benemid) in Enhancing Para-Aminosalicylic Acid Concentrations in the Blood. ROBERT B. BREITENBUCHER, DONALD S. AMATUZIO, AND A. FALK ..... 228

Case Report:
Contralateral Rib Fractures During Thoracoplasty. EMIL ROTHSTEIN AND JAMES T. GILBOY ..... 233

Notes:
Purine Enzymes in *Mycobacteria*. MARIA DI FONZO ..... 240
Complications Following Bronchospirometry. RICHARD P. JAHN AND KIESL K. KAUFMAN ..... 244
Simplified Bronchography. Y. FRED FUJIKAWA ..... 246

American Trudeau Society:
Recent Developments in the Antimicrobial Therapy of Tuberculosis. Report of the Committee on Therapy ..... 251
The Effect of Cortisone and/or Corticotropin on Tuberculous Infection in Man. A Statement prepared by the Committee on Therapy ..... 254

**The Effect of Cortisone and/or Corticotropin on Experimental Tuberculous Infections in Animals. A Statement prepared by the Laboratory Subcommittee of the Committee on Medical Research** ..... 257
**Notes** ..... 260
**Abstracts** ..... 29

NUMBER 3, SEPTEMBER, 1952

**Lung Immobilizer Therapy in Pulmonary Tuberculosis. A Clinical Study.** ROGER A. HEMPHILL, GEORGE C. OWEN, AND JOHN D. STEELE ..... 261

**Streptomycin and Dihydrostreptomycin in the Treatment of Tuberculous Empyema. I. Experimental Studies of the Drug Concentrations Attained with Various Vehicles.** I. STÅHLE ..... 271

**Streptomycin and Dihydrostreptomycin in the Treatment of Tuberculous Empyema. II. Studies with Cellugel as Vehicle.** I. STÅHLE ..... 285

**A Method for Standardization of Tuberculin Preparations by Intracutaneous Reactions in Humans. Comparison of Two Purified Tuberculins.** SVEN NISSEN MEYER ..... 292

**The Isolation and Chemistry of a Protein Fraction of *M. Tuberculosis* and Its Ability to Sensitize Cells.** FLORENCE B. SEIBERT AND ANGELINA M. FABRIZIO ..... 314

**Studies of a Purified Tuberculin Fraction in Testing BCG-Vaccinated Subjects. A Preliminary Study.** KONRAD BIRKHAUG, MARY C. PANGBORN, AND ELIZABETH H. CUMMEROW ..... 335

**Comparison of a New Purified Tuberculin with Purified Protein Derivative.** HOWARD M. DUBOSE, W. ROY MASON, AND MARTIN M. CUMMINGS ..... 345

**The Significance of the Tuberculin Skin Reaction in Antituberculous Vaccine Assay.** R. W. SARBER AND MARGARET J. HEMANS ..... 351

**Hypopotassemia and Hyponatremia in Pulmonary Tuberculosis During Treatment with Streptomycin and Para-Aminosalicylic Acid.** DONALD S. AMATUZIO, ROBERT B. BREITENBUCHER, ABRAHAM FALK, AND FRANCIS L. STUTZMAN ..... 357

**Adrenocortical Function in Pulmonary Tuberculosis.** GUY D. CAMPBELL, RAY H. BIGGS, AND HENRY BOSWELL ..... 364

**Case Reports:**

**Disturbance in Carbohydrate Metabolism Associated with Amithiozone Therapy.** WILLIAM E. ESCOVITZ ..... 373

**Notes:**

**A Study of Certain Amino Acids as They May Relate to the Problem of Host Resistance to Tuberculosis.** GEORGE T. LEWIS, LILLIAN HANKEY, FOSTER ADAIR, AND MARTIN M. CUMMINGS ..... 378

**Correspondence: Problem of the So-called "Good Chronic Case" of Tuberculosis.** EMIL ROTHSTEIN; **Survival of Bacilli in Tuberculous Le-**

**sions.** E. M. MEDLAR; **Oxidation-Reduction Dyes for the Determination of Virulence of *Mycobacteria in Vitro.*** JEAN DESBORDES AND ETIENNE FOURNIER ..... 381
**Books** ..... 384
**American Trudeau Society: Notes** ..... 389
**Abstracts** ..... 57

NUMBER 4, OCTOBER, 1952

**Isoniazid (Isonicotinic Acid Hydrazide) in the Treatment of Miliary and Meningeal Tuberculosis.** CHARLES M. CLARK, DUMONT F. ELMENDORF, JR., WILLIAM U. CAWTHON, CARL MUSCHENHEIM, AND WALSH MCDERMOTT ..... 391
**Studies on the Metabolism of Virulent and Avirulent *Mycobacteria.*** NELDA B. HOLMGREN AND GUY P. YOUMANS ..... 416
**The Prevention of Deformities Following Thoracoplasty.** J. D. MURPHY, ILA J. AMHREIN, FRANK P. ILASI, B. B. BAGBY, AND W. S. SCHWARTZ ... 436
**A Study of Pain Threshold in Tuberculous Patients.** THOMAS H. LORENZ, DONALD E. OLSON, AND MARC J. MUSSER ..... 449
**Bronchiectasis as Seen in an Ambulant Clinic Service. A Follow-up Study of Forty-nine Cases over a Minimum Period of Nine Years.** ANSON MCKIM ..... 457
**Isoniazid in Experimental Tuberculosis of Guinea Pigs Infected with Tubercle Bacilli Resistant to Streptomycin and to Para-Aminosalicylic Acid.** ALFRED G. KARLSON AND WILLIAM H. FELDMAN ..... 477
**The *in Vivo* and *in Vitro* Effect of Streptomycin on Streptomycin-Resistant Tubercle Bacilli.** WALDEMAR F. KIRCHHEIMER AND GUY P. YOUMANS. 486

**Case Reports:**

Amithiozone. *See* Thiosemicarbazone
Antituberculous compounds, activity of, *in vitro*, 219

Ballistocardiogram after artificial pneumoperitoneum in chronic pulmonary disease, 52
Barbiturates, effect of, on isoniazid toxicity (notes), 100
BCG
  -vaccinated subjects, tuberculin fraction for testing of, 335
  vaccination in humans followed by hemagglutination reaction, 58
Benemid. *See* Probenecid
Blood, PAS concentration, effect of probenecid on, 228
BOOKS
  Antibiotic Therapy. By HENRY WELCH AND CHARLES N. LEWIS, 385
  Community Health Education in Action. By RAYMOND S. PATTERSON AND BERTL J. ROBERTS, 386
  Diagnostic and Experimental Methods in Tuberculosis. Second edition. By HENRY STUART WILLIS AND MARTIN MARC CUMMINGS, 384
  Die Klinik der Tuberkulose Erwachsener. By VON ALFRED FRISCH, 639
  Essentials in Diseases of the Chest for Students and Practitioners. By PHILIP ELLMAN, 638
  Life Stress and Bodily Disease. Edited by HAROLD G. WOLFF *et al.*, 636
  When Doctors Are Patients. By MAX PINNER AND BENJAMIN F. MILLER, 636
Bronchiectasis
  in ambulant clinic service, 457
  prognosis of, 457
Bronchography
  iodized oil, in pulmonary tuberculosis, 699
  simplified (notes), 246
Bronchospirometry
  followed by complications (notes), 244
  study of pulmonary function after decortication, 509
Bronchus, carcinoma of, in relation to calcified nodules in lung, 151

Carbohydrate metabolism associated with amithiozone (case reports), 373
Carcinoma, bronchogenic, in relation to calcified nodules in lung, 151
Chest
  survey. *See* Roentgenography
  wall sinuses, tuberculous, 732
Children with tuberculosis, streptomycin-resistant tubercle bacilli in, 63
Collodion agglutination. *See* Agglutination
CORRESPONDENCE
  Effects of iodine on tuberculosis, 765

Oxidation-reduction dyes for the determination of virulence of *Mycobacteria in vitro*, 382
Problem of the so-called "good chronic case" of tuberculosis, 381
Survival of bacilli in tuberculous lesions, 381
Cortisone. *See* Hormones
Cysts, intrathoracic, after oleothorax (case report), 601

Decortication in pulmonary tuberculosis, bronchospirometric study of pulmonary function after, 509
Deformities after thoracoplasty, prevention of, 436
Dihydrostreptomycin in tuberculous empyema, drug concentrations attained with various vehicles, 271
cellugel as vehicle, 285
Discharges, irregular, from tuberculosis hospitals, 213
Drainage, closed, and thoracoplasty in tuberculous empyema, 522

EDITORIAL
Effect of isoniazid on the program of the tuberculosis association, 615
Effusion, peritoneal, complicating pneumoperitoneum (case report), 90
Empyema
tuberculous
alkinalization in, 271, 285
closed drainage and thoracoplasty in, 522
streptomycin and dihydrostreptomycin in drug concentrations attained with various vehicles, 271
cellugel as vehicle, 285
Enzymes, purine, in *Mycobacteria* (notes), 240
Epilepsy, isoniazid therapy in, hazards of (case reports), 501
Europe, rehabilitation of tuberculous patients in, 104

Fungi, pathogenic, and yeasts, culture filtrates of, tuberculostatic properties of (notes), 623

Gastrointestinal changes in pneumoperitoneum, 750
Guinea pig
with discrete chronic tuberculous lesions, streptomycin in, 194
infected with PAS- and streptomycin-resistant tubercle bacilli, izoniazid in, 477
treated with potassium iodide and streptomycin in experimental tuberculosis, 680
tuberculous meningitis in, produced by lumbar intrathecal inoculation, 722

Hemagglutination test
complement-fixation modification (Maillard) of, in tuberculosis (notes), 621
and hemolytic modification in tuberculosis, 594
reaction following BCG, 58
Hemolytic and hemagglutination tests in tuberculosis, 594
Hilum, shadows of, triangular, 188
*Histoplasma capsulatum*, isolation of, from sputum, 578
Histoplasmin skin tests, effect on skin reactivity and collodion agglutination, 588
Histoplasmosis, pulmonary, diagnosed by scalene node biopsy (case reports), 497
Hormones
adrenal, in experimental ocular tuberculosis, 175
corticotropin
effect on tuberculosis, 161
with streptomycin and PAS in pulmonary tuberculosis, 542
cortisone, effect on tuberculosis, 161
Hospitals, tuberculosis, employees of, tuberculosis among, 16
Hyponatremia in tuberculosis, pulmonary, 357
Hypopotassemia in tuberculosis, pulmonary, 357
